Name: _____ Block: _____ Date: _____

Name of Assessment: _____

1. Fill in the number of each problem you got wrong.
2. Look at your work carefully and figure out what you did wrong. Be specific; "I made a math error" or "I didn't label correctly" are two good examples.
3. Redo the work correctly in the REDO box. You must show and/or explain your work. Circle your answer.
4. Please staple this paper to your original test.

**REMEMBER! The person most responsible for your learning is YOU.
If you don't know how to fix your work, then you don't completely understand the concept.**

Problem #	What went wrong?	REDO the problem. Show and/or explain <u>ALL</u> work and circle your final answer.	What source did you use to fix your answer?
